

## Curriculum Vitae

Wynn L. White, Professional Engineer

### Education and Training

- 1973: Bachelor of Science, Civil Engineering - Purdue University
- 1987: Supervision of Asbestos Abatement Projects – Louisiana State University (LSU)
- 1987: Asbestos Designer – LSU
- 1988: Inspection in Buildings for Asbestos – LSU
- 1988: Asbestos Management Planner – LSU
- 1990: Environmental Assessments for Real Estate Transactions – The University of Texas at Arlington (UTA)
- 1990: Industrial Hygiene Basics – UTA
- 1991: Indoor Air Quality Problems and Solutions – The University of Tulsa
- 2001: Investigating, Sampling, Identifying and Assessing Biological and Microbiological Contamination in the Indoor Environment – MidAtlantic Environmental Hygiene Resource Center (MEHRC)
- 2001: Developing Remediation Strategy and Writing Specifications for a Building Mold Remediation Project – MEHRC
- 2001: Water Damage: Why Does It Happen? – MEHRC
- 2007: Wind and Drainage—RCI (formerly Roof Consultants Institute)
- 2007: Designing, Detailing, and Specifying the Building Envelope for Today and Tomorrow—RCI

### Registrations and Accreditation:

Registered Professional Engineer  
Accredited Asbestos Training Provider  
Accredited Asbestos Designer  
Accredited Asbestos Management Planner

President of Wynn L. White Consulting Engineers, Inc. since 1987. Mr. White has over thirty years of design experience, including preparation of plans and specifications for water production and distribution systems, wastewater collection and treatment systems, street and drainage projects, building design, and environmental remediation projects.

Mr. White has worked on over 500 environmental projects and has been the principal in charge on over 2,000 projects. He developed the firm's master asbestos and mold remediation specifications and is the Principal Engineer on the firm's engineering projects.

Mr. White's typical project role includes management of the project, from defining the problem and project goals through monitoring of construction. He prepares plans and specifications, assists the owner in obtaining construction bids, and manages the contractor monitoring.

Mr. White served as Principal in Charge responsible for determining cause of moisture/mold in a multistory hotel. The work included coordinating the project team and providing liaison to the owner. Disciplines included civil, environmental and mechanical engineering; operating personnel; and testing and balancing personnel. The field work included wall and ceiling moisture assessment, bore scoping interstitial spaces, window installation investigation, cladding system evaluation, HVAC system evaluation (differential pressure,

temperature and relative humidity) and mapping the data. Moisture control in building experience consists of analyzing forensic data, reviewing HVAC test and balance reports, and providing recommendations for corrections.

Mr. White is an accredited asbestos training provider and has provided environmental training since 1987.

He has trained professionals in:

Baton Rouge, LA	Shreveport, LA	Las Vegas, NV	Little Rock, AR
Lake Charles, LA	Alexandria, LA	Phoenix, AZ	Orlando, FL
New Orleans, LA	Washington D.C.	Jackson, MS	Nashville, TN
New York, NY	Atlanta, GA	Indianapolis, IN	Miami, FL
Houston, TX	Dallas, TX	San Antonio, TX	Cherry Hills, NJ
Minneapolis, MN	Chicago, IL	Austin, TX	Lafayette, LA

He served on the 2003 and 2004 Tulane University School of Public Health and Tropical Medicine Industrial Hygiene Advisory Board. The board reviews the ABET Accreditation and Self-Study Process, Program Requirements (admission and graduation), Curriculum and Courses, Student Recruiting and Retention, Student Capstones and Internships, and Laboratory-Based Coursework in the Distance Learning Curriculum for the Industrial Hygiene Program.

He is a Registered Professional Engineer (Louisiana, Mississippi, and Texas) and a member of the following organizations: National Institute of Building Sciences (NIBS), Louisiana Engineering Society, International Code Council, American Society for Testing and Materials (ASTM), and American Society of Civil Engineers.

#### Professional Conferences - Speaker

- Arkansas Waterworks and Water Environment Association – Annual 1993 Meeting, Hot Springs, AR
- American Society for Hospital Engineering – 1991 Annual Conference, Orlando, Florida; 1993 Environmental Symposium, Las Vegas, NV
- Alexandria Chapter of the Louisiana Engineering Society – 1992, Alexandria, LA
- Lake Charles Chapter of the Louisiana Society of Certified Public Accountants – 1992, Lake Charles, LA
- Lafayette Chapter of the Louisiana Society of Certified Public Accountants – 1993, Lafayette, LA
- LA Realtors Association – 1991, Alexandria, LA
- LA Certified Public Accountants Annual Meeting – 1997, New Orleans, LA
- LA Conference on Water Supply, Sewage & Industrial Waste – Annual 1999 Meeting, Lake Charles, LA
- LA Rural Water Association Annual Meeting – 1999, Alexandria, LA
- American Water Works Association, Southwest Section Annual Meeting – 1999, Oklahoma City, OK
- Building Owners and Managers Association (BOMA) – 2005, New Orleans, LA
- Construction Specifications Institute (CSI) – 2005, Baton Rouge, LA
- Construction Specifications Institute (CSI) – 2005, New Orleans, LA
- LA School Facility Managers Association (LSFMA) – 2005, Lafayette, LA

- LA School Board Association – 2004, Lafayette, LA
- International Facility Management Association (IFMA) Chapter Meeting– 2006, Baton Rouge, LA
- Joint Engineering Society Conference (JESC) – 2006 through 2010, Lafayette, LA
- Construction Specifications Institute (CSI) – 2008, Baton Rouge, LA
- Tri-State Engineering Societies – 2008, Point Clear, AL
- International Facility Management Association (IFMA) International Meeting – 2008, Dallas, TX

### Committee Memberships

- Past member of National Institute for Building Sciences (NIBS) Committee on Preparation of Asbestos Operations and Maintenance Manual for Building Owners and NIBS Committee on preparation of Lead Specifications for Building Owners.
- Past Chairman of Louisiana Conference on Water Supply, Sewage and Industrial Waste, Inc.
- Past President of the Alexandria Chapter of the Louisiana Engineering Society.
- Past President of the Baton Rouge Chapter of the American Consulting Engineers Council.
- Member of ASTM Committee D22 on Air Quality, Committee E30 on Forensic Sciences, Committee E50 on Environmental Assessment, Risk Management and Corrective Action, & Committee E58 on Forensic Engineering
